

Restrictions on Competitor Dress

Introduction

Competitors dress restrictions are based on the following guiding principles:

- Dancesport has important artistic elements, which grooming and dress should enhance but not dominate.
- Adjudicators should not be distracted by unusual or outrageous grooming and dress, from assessing each couple's demonstration of their relative technical skill, artistry, and floorcraft.
- Further dress restrictions are imposed on juvenile competitors and lower grade couples so as to ensure that:
 - Entry into competition should be as accessible to as many people as possible.
 - The cost of entry should be as cheap as possible relative to the minimum standard of dress required for competition.
 - At the outset, the emphases for competitors should be on ability, not dress. As competitors move through the grades more emphasis is given to grooming and dress but never to the exclusion of ability.
 - During the formative period of their introduction to dancesport, new competitors and in particular juvenile competitors (as well as their parents and teachers), should have virtually no other consideration than to develop their technical ability.
 - The health of juvenile competitors does not suffer because of inappropriate footwear.

General Provisions

1. Couples who breach the competition dress rules while competing in an event are liable to disqualification from that event
2. Competitors in juvenile events must comply with all of the dress regulations set out in the "Dress Regulations section - **“Juveniles”**".
3. The attention of parents of juvenile competitors is particularly drawn to these regulations, and to the fact that a breach of these rules is unfair to other competitors who have abided by the dress regulations.
4. Competitors in junior, youth, adult and masters events must comply with the Dress Regulations section for **“Junior”** and **“Youth – Adult – Masters”**.

5. Competitors in all Recreational Division events must comply with the Dress Regulations section for **“Recreational Division Restricted Dress”**.

6. Formation teams have the following dress restrictions:
 - For Standard and New Vogue the men's attire must be midnight blue or black.
 - For Latin, the men's attire may include colours, but all of the men must have the same colour of attire. No props are allowed.

Application of this Policy

It is the responsibility of parents and coaches to ensure that competitors adhere to and understand these dress restriction requirements. During the conduct of any registered event, it is the responsibility of the promoter to remind competitors of their obligations to adhere to the dress restrictions. Adherence to the requirements during the course of an event is the responsibility of the Chairman of Adjudicators. Competitors who do not comply with the requirements must be informed, and will not be permitted to compete in the next round of competition if they are unable to meet the requirements.

Diagrams

Examples of the permitted styles of dress for Boys and Girls are provided in the Appendix to this policy procedure.
